321 HAVE ENROLLED

UP TO TODAY FOR SUMMER TERM OF NORMAL.

STUDENT CENSUS TAKEN

Gentry County Furnished Largest Number of Students Outside of Nodaway County.

The Normal census was taken Wednesday morning at chapel. The number of students that have enrolled totals 321 up to today. It is thought that there will be 350 students during this term of the school. Gentry county has the largest representation outside of Nodaway county, having 32 students. Holt comes next with 23. Every county in the Normal district is represented.

The following are the figures as obtained Wednesday for each county in the district:

Andrew 12, Atchison 8, Buchanan 9, Caldwell 6, Carroll 4, Clay 2, Clinton 3, Davies 2, DeKalb 5, Gentry 32, Grundy 5, Harrison 11, Holt 23, Livingston 7, Mercer 3, Platte 3, Ray 4, Worth 16, Saline 1.

There were several out-of-state students and an exact count would give a number of counties a larger number. In general, the students seem well pleased and everything is running in excellent order.

TO HAVE TWO OFFICIAL ROUTES

The meeting of the pathfinders for the "Saints Highway" association was held at Bedford, Ia., Wednesday afternoon, being attended by representatives of the "Ridge" road people and the Hopkins people. The pathfinders decided to stick to their original plan —that is, to have two routes for the north part of Nodaway county, the "Ridge" route and the Hopkins road for the "Saints Highway." Hopkins was not pleased with the first selection of having two routes, and wanted the pathfinders to meet and decide on one official route instead of two.

WAS SENT TO FARM

BRIDE, DESERTED BY HUSBAND, APPLIED FOR AID.

PARENTS WOULDN'T HELP

County Court Ordered Mrs. Belle Bain Admitted to County Farm Thursday.

A very unusual case was up before the county court Thursday morning. It was that of a married 18-year-old girl, who was unable to support herself and wanted to be admitted to the county poor farm. Her husband had deserted her and her parents refused to take her back home on account of having married a man they were opposed to. There was only one course left open to her, and that was to go to the county poor farm.

Mrs. Belle Bain is the name of the girl. She had married Tom Bain some time ago, and they lived at Quitman. Recently Bain deserted and refused to provide for or support her, according to her story. Having no means, she applied to her parents to take her back home. Her parents, Mr. and Mrs. Kennedy of Skidmore, refused to do anything for her. Thursday she appeared before the court and told the judges about it, and an order was made by the court admitting her to the county farm. She was taken there by Superintendent Eugene Davis.

While telling her story to the court the young girl frequently would burst out in tears. She does not appear to be over 14 years old. Her face is smooth and comely, and she does not appear to have lived in such a way as to cause the hardest parent to turn her away from the parental roof at a time when she most needs loving care, especially when deserted by the man she married. She was shabbily dressed and had a generally neglected look.

Mr. and Mrs. J. D. Growney and little daughter, Elizabeth, of Clyde were in the city on business Thursday.

ELLIOTT IS EDITING PAPER FOR THE DEAF

The following is from the Kansas City Times about O. M. Elliott, who formerly conducted a paper in Graham, a few years ago, and who is known over the county:

The first issue of the Silent Review, a newspaper for deaf mutes, has been printed here. Oren M. Elliott, a mute, is the editor of the new semi-monthly.

Mr. Elliott is also one of the editors of the Lexington Lexingtonian. After he graduated from the school for the deaf in Fulton, Mo., he started a newspaper for the deaf in St. Louis. He successively bought newspapers in several Missouri towns and always gave his town a good paper. With notebook and pencil he would walk about town gathering news. The amount of it he found often surprised his readers. He was an excellent printer, too, and always got his share of the job printing.

A year ago he sold the paper he was editing, the Malta Bend News, to become a traveling salesman for a type foundry. Here again he met surprising success. Whatever he lacked of the persuasive eloquence of many salesmen was more than made up for by the concise arguments and figures he would jot down on his conversation pad. He got many orders an easy speaking salesman would have missed.

The Silent Review is gotten up along the lines of a country newspaper, with correspondence columns from cities in which are large colonies of mutes and from institutions for the deaf.

SIGNS & SON ARE CLOSING UP THEIR BUSINESS

RASCO PROFESSED HIS BELIEF IN JESUS CHRIST

A band of traveling missionaries visited the county jail Wednesday afternoon to plead with the prisoners for their acceptance of Christianity. They spent some three-quarters of an hour praying, singing and explaining the gospel to the inmates, at the end of which time Hez Rasco, who had been on knees during a large part of the service, arose and professed his belief and acceptance in the religion of Jesus Christ.

Manager Bridges of the Comets base ball team resigned Wednesday on account of some trouble in the line-up of the team. Bridges came to Maryville last week from Creston, Ia., to take charge of the team. His resignation was accepted by the board of directors, who met Wednesday afternoon.

Claud Cook, who has been out of the game for several weeks, having received an injury to his arm in the first game played, will not be on the salary list of the team until he can get back in the game. It might be several weeks yet before Cook will be able to play.

R. G. Koch, one of the directors, will manage the team, which left for Nebraska City Thursday morning for a series of three games. Catcher Dietz is to be field captain, and it is thought that probably he will be selected as manager when the team is playing away from home.

The Comets have now only thirteen players. There are five pitchers, Oswalt, Wise, Southward, Larke and Williford. Williford is the new man that was secured this week, and will probably pitch for the Comets in one of the games against Nebraska City this week. The rest of the players are McBride, Dietz, Walsh, Sacrett.

A phone message was received from Nebraska City this morning from R. G. Koch saying that Falls City wanted to trade Black for either Cowley or Larke. Black is playing with the Comets, but was loaned to us by Falls City. No action was taken on it by the board of directors this afternoon. Wintz, DeCamp, Black, Griffin and Cowley.

YOUNG MAN DIED OF BLOOD POISONING

Sankey Miller, the 16-year-old son of Mr. and Mrs. A. J. Miller, living four and one-half miles east of Clearmont, died of blood poisoning at St. Francis hospital Thursday forenoon at 10:40 o'clock.

The young man was brought to the hospital last Saturday. Two small pimples on his face developed into carbuncles during the week before he was brought to the hospital. He had been in apparent good health before he was taken sick and helped his father with the farm work. He was a student of the Clearmont high school during the past year. He had studied hard and since he was taken sick it is remembered that the frequently complained of being tired. He was an exceilent young man, and the parents have the sympathy of all in their sorrow.

Mr. Miller was with his son when he died, but Mrs. Miller and son, Vernon, did not arrive until after her son had passed away, as his condition was not regarded critical until Thursday morning, a short time before his death.

The funeral services will probably be held Friday in the Perry Temple M. E. church, near Clearmont. The body will be taken by the parents to Clearmont Thursday night. The young man is survived by his parents, two brothers, Vernon and Earl, and two sisters, Eva and Helen.

COURT TO LOOK OVER SOME BRIDGES

The county judges, accompanied by County Highway Engineer Reece, took a trip down to Arkoe Thursday afternoon to look over some of the bridges in that vicinity. The court awarded the contract for several new bridges to the Standard Bridge company, the concrete and cement work to be done by local men.

A change of road in Jackson township, near J. L. Lewis and Samuel Thompson was granted by the court.

The court will probably adjourn Friday evening.

AUTOMOBILE PARADE

And a Double-Header Ball Game by the Comets With Falls City to Be Main Features.

An automobile parade is to be the main feature of the day, and special prizes are to be given.

Many of the special events that will be here will be given out in the Normal park.

The Comets are scheduled to play two ball games on that day here, one in the morning and one in the afternoon. Both games will be with Falls City. Arrangements have been made to play the games at the Normal athletic park.

Many other special features are to be on the program, including music and speaking. Maryville is going to have a celebration that will be worth while to attend.

RACE NOT BAR TO PROMOTION

Army Officer Who Discriminated Against Jew Reprimanded.

LETTER OF PRESIDENT TAFT.

Colonel Garrard, Commandant at Fort Myer, Who Refused to Allow Soldier to Take Examination, Hears From Commander in Chief.

Washington, June —Colonel James Garrard, U. S. A., commanding the cavalry post at Fort Myer, Va., was reprimanded by the secretary of war under orders from President Taft for reporting adversely an application of a soldier for the right to take examinations for promotion to commission grade on the ground of Jewish parentage. The president said it was hard to deal with the matter "with patience and without condemnatory words that had better not be written."

The president's action has created a sensation throughout Washington. The young soldier involved in the controversy is Frank Bloom, a private in battery F of the Third field artillery, and is now on duty on the Mexican border. Several years ago Bloom was urged for appointment to West Point. President Roosevelt not being in a position at the time to make the appointment, suggested to Bloom that he enlist and like a true American fight his way from the ranks. The young man took the advice, entered the army, where he is said to have made a good record, and recently took his first examination for promotion.

It is said that Bloom failed on this examination, but in view of the prejudice brought about by Colonel Garrard's indorsement, Bloom will be ordered up for final examination again in September.

On this point President Taft, in a letter to Simon Wolf of this city, said:

"I shall take steps to see that the examination to which Private Bloom is subjected is one in which he will be given a fair chance and not be exposed to any unjust prejudice."

What Colonel Garrard Wrote.

Colonel Garrard's indorsement on Bloom's papers to which President Taft so strongly objected was as follows:

"The applicant is a son of Mr. Joseph A. Bloom, of Jewish persuasion, who is now and has been for a number of years, a tailor at this post. His associates, as far as I know, and that of his family, have been with enlisted men and their families and have been respectable. The young man is undoubtedly honest and upright, ambitious and deserving, but for the reasons stated I would not desire him in my command as an officer and a social and personal associate. The presence of the applicant's family at a military post would be in subversive of discipline and his probable treatment a source of mortification to them and frequent cause of trouble to commanding officers. From an experience of many years I have found, except in a few cases, few communities, where Jews are received as desirable social associates."

A Page of "Star Specials" for Next Saturday

There are two essential things to remember concerning these "Star Special" days.

The first is that the special prices hold good only on the one day.

The other is that a "Star Special" means a bargain in every sense of the word. Ordinary reductions are not classed as Star Bargains—Star Bargains mean even more than that. The prices are fixed regardless of cost and they must be, in every instance, as low or lower than the same goods has ever sold for before.

"Star Specials" are the outcome of broken assortments, of slow selling merchandise caused by varying seasons, of over-buying. They give us ready and rapid means of disposing of merchandise. That is their purpose. That is the reason we are so careful to have only genuine bargains of timely interest listed as "Star Specials." On this page are the "Star Specials" for next Saturday—for one day only. Read the items and see for yourself just how important these "Star Special" days are.

EARTHQUAKE FATAL TO 63

Shock Rends Mexico City, Causing Loss of $50,000.

SOLDIERS' BARRACKS IN RUINS

More Than Half of Dead Accounted For Killed in Quarters—Twelve Women Lose Thier Lives—American Property Undamaged.

Mexico City, June 8.—Sixty-three killed, seventy-five injured and a property loss of $50,000 gold, are the net results of the earthquake which rent the capital and injected a note of tragedy into what was to have been a day of unalloyed rejoicing.

When the work of searching the ruins is completed it is possible that the list of dead will be increased somewhat, as there doubtless are many wounded who, with traditional fear of government hospitals, are anxious to evade discovery. The property loss is an estimate based upon calculations by owners and contractors. Little of the loss is covered by insurance.

It was 4:36 a. m. when the first shock was felt. According to the meteorological observatory, the greatest intensity was reached at the end of the first minute, but the instruments continued to record the shocks for fourteen minutes more.

Half of Dead Are Soldiers.

More than half the dead accounted for were soldiers. They were caught beneath the falling walls of the artillery barracks in San Cosma, a locality near the Mexican Central station. Another place where the earthquake took its toll of death in considerable numbers was at the city power plant of the street car company. Here six were killed and six wounded. Two others were found in the debris, consisting partly of steel rails, which had been stacked in the iron and wood departments, and which collapsed. The victims were inhabitants of little shacks built alongside of the structure.

With these two exceptions the death list was made up of single cases, or in some instances of two and three caught beneath falling walls in the poorer buildings of the district most seriously affected.

No property of Americans was damaged and with the exception of one Chinese killed, no foreigners were injured. In the barracks where the soldiers were killed twelve women also lost their lives. They were the wives of the artillerymen. These women have the privilege of spending the night within the walls of the barracks.

FOUR TRAINS ARE WRECKED

Five Killed in Series of Collisions on New Haven Railroad.

Fairfield, Conn., June 8.—One of the most disastrous freight wrecks in the history of the New Haven railroad occurred near here when four freight trains piled into each other, killing five men, injuring at least seven, two fatally, and leaving two missing.

The dead: Engineer William Laurie, Engineer Robert Beachy, Fireman Robert Gates, Brakeman Hoffman, fireman, name unknown.

The trains in the wreck were three extras and the regular New York fast freight. One of the extras jumped the eastbound track and crashed into a second train which was passing on the westbound track. Trains running close behind each of the two extras crashed into the wreckage almost immediately.

Crash followed crash. Two boilers exploded simultaneously and the wreckage caught fire.

GARY DOES NOT WANT MONOPOLY

Says Steel Corporation Opposes Such Combination.

OLIVER RIVER STORY DENIED.

Steel Company Not Seeking Control of Ohio—Calls Roosevelt's Act in Permitting Big Merger Real Constructive Statesmanship.

Washington, June 8.—Judge E. H. Gary, executive head of the United States Steel corporation, again a witness before the house steel trust investigating committee, declared that President Roosevelt's action in acquiescing in the deal by which the steel corporation bought out the Tennessee Coal and Iron company "was a piece of real constructive statesmanship."

Mr. Gary, cross-examined by Representative Littleton of New York, elaborated his views as to government supervision of corporations and pleaded for greater co-operation between government officials and the directing forces of big business combinations. Mr. Gary insisted that the government was just as likely to go too far in one direction as the corporations in another. Mr. Gary denied charges, attributed to Senator Oliver of Pennsylvania, that the steel corporation was endeavoring to gain control over Ohio river transportation lines, so as to cut out water competition in the shipment of coal.

Mr. Gary declared the steel corporation never wanted a monopoly of the iron and steel indstry of the country and had consistently opposed such a combination as the very worst thing that could happen to the corporation.

President Roosevelt, he thought had been given to understand that the acquisition of the Tennessee Coal and Iron company would bring the corporation's property above 60 per cent of the country's total.

The bonds paid for the Tennessee Coal company came from the steel corporation's treasury, he said, and were as valuable as cash, being amply secured. This method of payment was adopted in order not to disturb the financial situation of the country.

RAT KILLING SAVES $30,000

Slaughter of 4,000 Rodents Means That Amount Saved in One County.

Princeton, Ind., June 8.—Four thousand rats were killed in Gibson county in observance of the second annual rat day. As the government estimates each rat costs 2 cents a day for maintenance, the county by the slaughter saved nearly $30,000 for a year, to say nothing of the progeny cut off.

President J. R. Strickland of the Anti-Rat society reports complete annihilation of rats in some neighborhoods.

Heavy rains prevented farmers from working and in many communities large gangs of men put in the entire time at slaughter. Rinky Kinman of Hazelton and G. W. Waters of Owensville each killed nearly 500 rats.

PRODS HUNNEWELL COUNCIL

Attorney General of Kansas Says They Must Transact City's Business.

Topeka, June 8.—Attorney General Dawson notified the five members of the council at Hunnewell, Kan., that they must co-operate with the woman mayor of the town, Mrs. Ella Wilson, and that no more trifling would be tolerated.

"I notified the councilmen that the joke had gone far enough," said the attorney general.

The councilmen may be compelled to transact the city's business through a writ of mandamus. They may be ousted from office for failure to perform their duties, or they may be tried for dereliction in office, which would subject them to a fine of $1,000 and a year in jail each.

Town Happenings—Minus the Varnish

Just as a matter of curiosity we have been looking the matter up a little of late and we find that out of a population of 40,000 there are 39,999 people in this town who claim to know better how to run a newspaper than we do.

The show at the opera house last night, according to our notion, was something fierce. Of course, we got comps and are supposed to praise everything that comes along, whether it be good, poor, bad or indifferent, but, take it from us, we're through. After this if a show has merit we'll praise it and if it's punk we'll tell you so. This, of course, will only be good or bad news to those who stay at home and hang onto their money.

There are several men in this town who we are through speaking to. As we have met them every day for the past twenty-five years we have said "Good morning" as pleasantly as possible, and the most we have ever succeeded in getting out of them was a grunt. We are going to fill our pockets with corn and the next time we meet one of these fellows, instead of speaking to him, we'll just hand him an ear.

MADERO SALUTED ON EVERY SIDE

Liberator is Given Magnificent Welcome to Capital.

MORE PLOTS AGAINST HIS LIFE

Former Chief of Police of Mexico City Is Under Arrest and Officers Are Watching Number of Members of Chamber of Deputies.

Mexico City, June 8.—Amid the wildest enthusiasm, Francisco I. Madero, Jr., entered the seat of government which he overturned.

The demonstration was the greatest which the capital has shown in a generation. Business was practically suspended and the streets through which the revolutionary leader made his triumphal way were gay with flags, bunting and flowers, while from the throats of tens of thousands came roars of acclaim.

The noisy welcome began when the great crowd at the railway station first caught sight of the bearded face and stocky figure as Madero emerged from his private car and stepped quickly into a waiting carriage. Shouts of "Viva Madero" swelled into a great chorus as the cry was taken up along the streets leading from the railway station throughout the city.

Madero Bows and Smiles.

Bowing and smiling right and left, Madero was driven from the station to the national palace and then to the home of his father at Berlin and Liverpool streets. Thongs that lined the way fell in behind as the carriage passed, until a great, noisy but friendly procession had formed. Scores of civilian societies, political organizations, women in carriages and soldiers in parade uniform moved on to the quick-step music of the military bands. It was a spectacle stirring and unusual, but amid the popular rejoicing could be seen an undercurrent of resentment on the part of unreconciled aristocracy, that looked on silent, though not unmoved.

Former Chief of Police Arrested.

Rumors of plots against the life of the hero of the day were rife, as were reports that secret arrests had been made.

Antonio Villicencia, former chief of police, was taken into custody. Immunity as members of the house of deputies is said to have stayed the arm of the law against others alleged to have been implicated in a plot, the discovery of which was followed by the arrest of W. L. Dunn, an American, at Monterey, and Daniel de Villiers, a former police head. These two men are accused of being at the head of the plotters.

LIQUOR WAR AT HUDSON, KAN.

Mayor and Eleven Citizens Arrested Following Assault on Editor.

Hudson, Kan., June 8.—A liquor fight here has resulted in the mayor and eleven citizens being placed in jail. Trouble began when H. B. Albertson, editor of a local newspaper, began attacking alleged violators of the prohibition law. Soon thereafter he was assaulted by four men. The editor then had himself appointed deputy sheriff and immediately he arrested the men believed to be his assailants. Then the mayor ordered the men released. Then the county attorney ordered the arrest of all implicated in the trouble, including the mayor.

Large Steamer on Fire.

Flushing, Holland, June 8.—A large steamer is afire off Waarden. The vessel has four masts and a yellow funnel and is reported to be the liner Oxonian.

OSLER RIGHT; YOUTH SUCCEEDS AGE

Gray Hair Is First Sign of Age. Harmless Remedy Restores to Natural Color.

Osler isn't the only man who turns down old age. In the business world the "young man" is always the one who picks the plums. It is an age of "new thought," "new talent," etc., and the old man is passed by in the race.

One of the first signs of coming age is the appearance of gray hairs. When you see them, act promptly. Wyeth's Sage and Sulphur Hair Remedy will correct this sign, which so often deceives people into thinking that age is really upon them. It is a well-known fact that Sage and Sulphur will darken the hair. Wyeth's Sage and Sulphur combines these old-time remedies with other agents, which remove dandruff and promote the growth of the hair.

The manufacturers of this remedy authorize the druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special Agent, Koch Pharmacy.

Mr. and Mrs. Joseph Everhart of Pickering visited in Maryville Wednesday afternoon with their daughters, Misses Minnie and Effie Everhart, who are attending the State Normal.
